

At IMS we work with small-business owners who need quick access to capital. We provide this capital through a cash advance model. In addition, we provide supporting services that complement the cash advance model; such as credit card processing, and Payroll and HR Solutions. The leadership of IMS is made up of individuals with over 30 years of experience in banking, accounting, leasing and deal structuring. We are a national platform headquartered in Connecticut, and we transact with clients and representatives throughout the US.

IMS provides your business with a complete debit and credit card processing solution.

Take Just 5 Minutes and You Can Save An Average Of 15 - 20% On Your Current Credit Card Processing Bill

If we are not successful in matching or lowering your current **credit card processing** rate, you will receive a \$500 gift card courtesy of IMS.
